Disclaimer: In compiling this list Carrick-on-Shannon Education Centre accepts no responsibility for organising this Programme. We cannot accept responsibility for any tutors recruited through this list. Nor do they accept any responsibility for ensuring that those listed have the required vetting in place.

IMPORTANT As home based provision takes place outside the usual school structure, parents should be mindful of additional risks or potential dangers involved in engaging teachers/SNAs in a private arrangement. Parents should be particularly careful where teachers/SNAs are engaged who may not be familiar with some children's highly complex, medical or behavioural needs. Parents should satisfy themselves that teachers/SNAs are aware of your child's needs in this regard.

Prior to commencing home based support

- You must ask the teacher/SNA to show you his/her vetting disclosure. Parents/legal guardians are advised to request a newly-issued vetting disclosure in circumstances where they are engaging the services of a teacher/SNA for the first time.
- You must ensure that all teachers/SNAs engaged have a current Statutory Declaration, signed by the relevant authority i.e. Appendix 1 of the Grant Claim Form. A Statutory Declaration signed at any time in 2020 is valid until the end of 2021.
- Both the parent and the teacher/SNA must complete the Form of Undertaking, i.e. Appendix 2 of the Grant Claim Form
