

Please note: This is a list of people who have indicated that they are available and interested in subbing as an SNA in schools. Carrick-On-Shannon Education Centre have not checked their qualifications, references or vetting status. This is up to each employer.

As there is no national vetting service for SNAs, each school has to have sub SNAs vetted for their own school. If a sub SNA tells you that they have Garda vetting already, it does NOT mean that that vetting covers them to work in your school. Schools are also required to request a Statutory Declaration form and a Form of Undertaking from sub SNAs. It is up to each Principal/Board of Management to ensure that they are complying fully with circular 0031/2016

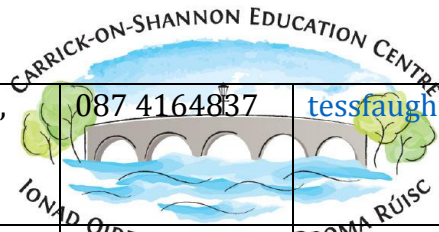

SNA SUBSTITUTE LIST 2018/2019
