Dyslexia at Bay Presentation – To gain an understanding of Dyslexia and how to meet the Student’s Needs in the Primary Classroom

The first part of the Dyslexia at Bay Presentation will give teachers a really good understanding of the difficulties that students with dyslexia experience. The topics covered in the presentation are as follows, spellings, reading, eye-tracking, comprehension, sequencing, writing skills and processing speeds.

The second part of the presentation gives practical advice to primary teachers as to the indicators of dyslexia in students from four to twelve years old. Teaching strategies, homework, well-being and the transition from primary to post primary are all also explored for the pupil who has dyslexia.

Where: Carrick-on-Shannon Education Centre
When: Monday 23rd March 2020
Time: 6pm to 8.30pm
Presenter: Mary McDonald
