

Key Websites for Remote Learning for Primary Teachers

At the moment, we are inundated with a large number of websites and online tools vying for our attention. The aim of this webinar is to present key websites for remote learning. These websites are age-appropriate and reliable sources of information for primary school pupils. This webinar will be useful for teachers who are communicating with pupils by post, email or on an online learning platform. It will also be beneficial for teachers who would like to increase their knowledge of quality sources of information freely available online. No previous experience is required. We would encourage teachers to join Linda as she presents this webinar. Linda is a teaching principal who is currently using these websites with her own class and is all too aware of the reality of providing continuity of learning during a school closure.

The aim of this webinar is to present key websites, such as Scoilnet and World Book Online, for remote learning.

A link will be sent to you prior to Webinar.

DATE: Tuesday 12th May 2020

TIME: 14:00PM – 15:00PM

VENUE: Live Webinar

PRESENTER: Linda McMahon
